

How to Add Text to an Image in GIMP

<p>Open a picture or project in GIMP (see How to Open a Picture in GIMP).</p>	
<p>Select the 'Text' tool.</p>	 A screenshot of the GIMP toolbar. The 'Text' tool, represented by a capital letter 'A', is highlighted with a blue mouse cursor. A red arrow points to the 'Text' tool icon. A tooltip box is visible over the tool, containing the text 'A Text Tool' and 'Create or edit text layers'.
<p>Stretch out the Text box.</p>	 A screenshot of the GIMP text tool interface. A text box is visible on a brown background. The text box is being stretched horizontally. A red arrow points to the bottom-right corner handle of the text box. The text tool options are visible at the top, showing 'Sans-serif' font, size '62', and 'px' units.
<p>Type in your text in the text box.</p>	 A screenshot of the GIMP text tool interface. The text box is now filled with the text 'My first name'. A red arrow points to the text input area. The text tool options are visible at the top, showing 'Sans-serif' font, size '62', and 'px' units.

Adjust font settings, which includes font size, font style, and font spacing.

Select the Color box in the Text panel.

Choose a new color for your font, then select 'OK'.

OPTIONAL:
Select the 'Move' tool.

OPTIONAL:
Move the
Text layer to
a different
location.
